COVER HIGHLIGHTS

HIGH PURITY	CONTROLLED PERFORMANCE	DOCUMENTED QUALITY
[One-line product value statement]	[One-line process value statement]	COA · SDS · Specification · Traceability

RECOMMENDED TDS STRUCTURE

- Product overview and positioning
- Product identification and physical description
- Key performance features and typical applications
- Typical specification with an explicit approval disclaimer
- Packaging, quality documentation, storage, and handling

CONTROLLED USE

The TDS is product information, not a COA, release specification, or SDS. Confirm final claims, specifications, suitability language, and packaging before publication.
