

# ICH Q3D Class 1 Element Standard Mix (As, Cd, Hg, Pb)

Reference Standards & Analytical Reagents | ICH Q3D Elemental Impurity Standards

## 1. Specification scope

|                 |                                                       |
|-----------------|-------------------------------------------------------|
| Product         | ICH Q3D Class 1 Element Standard Mix (As, Cd, Hg, Pb) |
| CAS number      | -                                                     |
| Grade scope     | HPLC Grade                                            |
| Document status | Reference specification summary                       |

The values below are representative catalog specifications. Where several grades are listed, acceptance limits may differ by grade. The current controlled grade-specific specification agreed at quotation or qualification is the governing document.

## 2. Test requirements

| Test item             | Specification / reference value                      | Test method     |
|-----------------------|------------------------------------------------------|-----------------|
| Elements              | As, Cd, Hg, Pb                                       | Approved method |
| ICH Q3D Class         | Class 1 (toxic regardless of route)                  | Approved method |
| Concentration Options | 10 mg/L, 100 mg/L, 1000 mg/L                         | Approved method |
| Matrix                | 2-5% HNO <sub>3</sub> (Hg stabilized with trace HCl) | Approved method |
| Traceability          | Certified reference material, NIST-traceable         | Approved method |
| Certificate           | Batch-specific CoA with measurement uncertainty      | Approved method |

## 3. Packaging and release documentation

| Package size | Container / format | Supply status |
|--------------|--------------------|---------------|
| 100mL        | HDPE               | Available     |
| 500mL        | HDPE               | Available     |

Each released batch is supported by a batch-specific Certificate of Analysis. Packaging sizes are consolidated in this document; actual availability, closure system and minimum order quantity are confirmed with the quotation.

#### 4. Document control notice

This downloadable file is a reference summary generated from the LANCHROM product catalog. Request the current approved specification, SDS and sample COA before method validation, supplier qualification, regulatory submission or purchase release.
