

# GMP Clean Room Environmental Monitoring Kit

Life Science & Workflow Kits | Laboratory Workflow Kits

## 1. Specification scope

|                 |                                             |
|-----------------|---------------------------------------------|
| Product         | GMP Clean Room Environmental Monitoring Kit |
| CAS number      | -                                           |
| Grade scope     | USP Grade                                   |
| Document status | Reference specification summary             |

The values below are representative catalog specifications. Where several grades are listed, acceptance limits may differ by grade. The current controlled grade-specific specification agreed at quotation or qualification is the governing document.

## 2. Test requirements

| Test item           | Specification / reference value                                                                   | Test method      |
|---------------------|---------------------------------------------------------------------------------------------------|------------------|
| Grade/Performance   | Compliant with GMP requirements laboratory use<br>Environmental laboratory use set laboratory use | Specification    |
| Product Scope       | laboratory use dish + laboratory use + laboratory use                                             | Catalog          |
| Available Packaging | 30 dish/set                                                                                       | Catalog          |
| Documentation       | CoA/SDS/TDS available on request                                                                  | Document control |

## 3. Packaging and release documentation

| Package size | Container / format                                 | Supply status        |
|--------------|----------------------------------------------------|----------------------|
| 30 dish      | Compatible container selected by product and grade | Available on request |
| set          | Compatible container selected by product and grade | Available on request |

Each released batch is supported by a batch-specific Certificate of Analysis. Packaging sizes are consolidated in this document; actual availability, closure system and minimum order quantity are confirmed with the quotation.

## 4. Document control notice

This downloadable file is a reference summary generated from the LANCHROM product catalog. Request the current approved specification, SDS and sample COA before method validation, supplier qualification, regulatory submission or purchase release.
