

# Pesticide Residue Detection Solvent Kit

Life Science & Workflow Kits | Laboratory Workflow Kits

## 1. Specification scope

|                 |                                         |
|-----------------|-----------------------------------------|
| Product         | Pesticide Residue Detection Solvent Kit |
| CAS number      | -                                       |
| Grade scope     | USP Grade                               |
| Document status | Reference specification summary         |

The values below are representative catalog specifications. Where several grades are listed, acceptance limits may differ by grade. The current controlled grade-specific specification agreed at quotation or qualification is the governing document.

## 2. Test requirements

| Test item           | Specification / reference value                                                              | Test method      |
|---------------------|----------------------------------------------------------------------------------------------|------------------|
| Grade/Performance   | One-stopPesticide residue testinglaboratory<br>usesetlaboratory use , Containslaboratory use | Specification    |
| Product Scope       | GCgraden-Hexane4L + Acetone4L + Ethyl Acetate4L +<br>SPESPE cartridge12piece                 | Catalog          |
| Available Packaging | 1set                                                                                         | Catalog          |
| Documentation       | CoA/SDS/TDS available on request                                                             | Document control |

## 3. Packaging and release documentation

| Package size | Container / format                                 | Supply status        |
|--------------|----------------------------------------------------|----------------------|
| 1set         | Compatible container selected by product and grade | Available on request |

Each released batch is supported by a batch-specific Certificate of Analysis. Packaging sizes are consolidated in this document; actual availability, closure system and minimum order quantity are confirmed with the quotation.

## 4. Document control notice

This downloadable file is a reference summary generated from the LANCHROM product catalog. Request the current approved specification, SDS and sample COA before method validation, supplier qualification, regulatory submission or purchase release.
