

GMP Cleanroom Environmental Monitoring Kit

Life Science & Workflow Kits | Microbiology & Environmental Monitoring

1. Specification scope

Product	GMP Cleanroom Environmental Monitoring Kit
CAS number	-
Grade scope	HPLC Grade
Document status	Reference specification summary

The values below are representative catalog specifications. Where several grades are listed, acceptance limits may differ by grade. The current controlled grade-specific specification agreed at quotation or qualification is the governing document.

2. Test requirements

Test item	Specification / reference value	Test method
Format	90mm contact (RODAC) plates, air sampling media	Approved method
Neutralizers	Available for disinfectant residue neutralization	Approved method

3. Packaging and release documentation

Package size	Container / format	Supply status
30 plates / set	HDPE	Available

Each released batch is supported by a batch-specific Certificate of Analysis. Packaging sizes are consolidated in this document; actual availability, closure system and minimum order quantity are confirmed with the quotation.

4. Document control notice

This downloadable file is a reference summary generated from the LANCHROM product catalog. Request the current approved specification, SDS and sample COA before method validation, supplier qualification, regulatory submission or purchase release.
